The following chart is a mapping of provisions from ACI 318-14 to ACI 318-11. It is common that a provision may be a combination of several provisions from ACI 318-11. The code was mostly rewritten in the process of the reorganization; thus, the exact wording and context will not be the same at the new location.

Also, the reorganization needed new headings, introductions, scopes and pointers unique to ACI 318-14. Technical changes occurred that have altered or created new requirements. The following Note Key indentifies the type of change, if any:

‡ = Heading, scope statement, introduction, or pointer
~ = Technical change

American Concrete Institute
Always advancing

38800 Country Club Drive
Farmington Hills, MI 48331 USA
+1.248.848.3700
www.concrete.org

The American Concrete Institute (ACI) is a leading authority and resource worldwide for the development and distribution of consensus-based standards and technical resources, educational programs, and certifications, for individuals and organizations involved in concrete design, construction, and materials, who share a commitment to pursuing the best use of concrete.

Individuals interested in the activities of ACI are encouraged to explore the ACI website for membership opportunities, committee activities, and a wide variety of concrete resources. As a volunteer member-driven organization, ACI invites partnerships and welcomes all concrete professionals who wish to be part of a respected, connected, social group that provides an opportunity for professional growth, networking and enjoyment.
